Lifting their young voices in praise of the Babe of Bethlehem are the Busy Bluebird group of campfire girls of Shawsheen Village who sang a number of Christmas carols last Thursday night as they made a tour of their respective homes on Enmore and Arundel streets. In the group are, Beverly Winters, Lee Tansey, Lois Mirisola, Judith Maxwell, Jean Grouleau, Phyllis Bonanno, Peggy Berthel, Beverly Bergeron and Ann Batterbury. Missing when the photo was taken was Meredith Manning. Mrs. Fred Maxwell and Mrs. James J. Batterbury are leaders of this group. (Look Photo)

Townsmen Headlines Mark Progress Town Made In Passing Year

The many important events that marked the town's progress during 1951 are reflected in a review of The Townsman headlines for the passing year.

Breaking ground for the two new elementary schools; organization of the Andover board of trade "to promote the industrial, business and civic welfare of Andover;" the salary increases granted to permanent town employees; the increased registration of children in all schools last September and the elimination of a toll charge on phone calls to Lawrence are among the outstanding happenings chronicled for the year just closing.

Some of the others were the placing of women's names on the jury list for the first time; a \$4 increase in the tax rate to \$40; the secret ballot being used at town meeting for the first time; the big street parade and turning on of Christmas lights to observe the holiday season; and the opposition that developed to the plan to put state prisoners to work in the Harold Parker forest.

During the past 12 months the grim hand of death removed many of our beloved citizens from our midst. Among the more prominent were H. Bradford Lewis, the Rev. Matthew F. McDonald, O.S.A., W. Shirley Barnard, Dean K. Webster, and the Rev. Newman Matthews. There were many others whose loss will be felt by the community.

Phillips academy dedicated its new hockey rink; Joe Wennik, a local boy, was elected captain of the 1952 baseball team; the Punchard track team won the state title in Class B, entered the Tech tournament but was eliminated in the semi-final.

A month by month account of the top headlines follow:

JANUARY

4 - Town officials give preview of town's financial obligations for 1952.

Issues Suggestions For Winter Driving

"Happy New Year," Chief of Police George A. Dane told all his visitors yesterday, "and see that you keep it that way."

The chief said he was thinking about the fact that January and February, the two worst weather months of the year, are right ahead, and issued the following suggestions for driving during snow and

In Appreciation

I want to take this means of publicly expressing my thanks and sincere appreciation to the members of the Andover Fire Department and to my many good friends who rushed to our aid during the emergency occasioned by a fire in building last Saturday. Their prompt efforts saved our store from probable total loss of stock and limited the damage to such an extent that we were able to open for business as usual on Monday. It was a true expression of the Christ-like and Community spirit of helping one another. Again, thank you

Postal Records Broken

Christmas postal records at the Andover post office were shattered this season when 451,070 pieces of mail went through the cancelling machines from Dec. 1 to Dec. 22. Officials estimate this is approximately 20,000 more than the number a year ago.

At the same time the Shawsheen Village office cancelled between 800 to 1000 a day.

The greatest single day at the Andover office was Dec. 17 when 53,540 pieces of first and third class mail went through the machines.

These figures, Postmaster Stephen A. Boland said, do not include the great many pieces of parcel post that went through the postal system during this period.

The greatest single shipment of parcel post ever received at the local post office arrived at 3 p.m. last Friday when 170 sacks arrived. The average is between 70 to 90 a day.

Playstead Skating Area Closed

The skating area at the playstead will not be used until further notice, James D. Doherty, director of recreation announced this week.

This decision is due to the fact that the school construction work requires heavy trucks to move in and around this area and this condition will exist for some time, perhaps for the rest of the winter.

Andover-Lawrence Phone Calls Soar

The long awaited elimination of toll charges between Andover and Lawrence went into effect Christmas day when several thousand more calls than those made on an ordinary business day were recorded.

According to telephone company records the number of calls from Andover to Lawrence was approximately 3000, and the number of calls from Lawrence to Andover was about 2700.

Frank P. Desmond, manager of the Lawrence office said that this was just about double the usage of an ordinary day, but because Tuesday was a holiday he expected that the record for business days would be somewhat larger than these figures.

From now on all calls between Andover and Lawrence will be handled on a "local call" basis without the payment of toll charges.

Stores Damaged By Water At Fire

A slight fire at the Town Printing office, 4 Park st., set off a sprinkler head Saturday noon causing water to seep into the Irma Beene shop and the First National stores below.

Firemen responding to an alarm from Box 52 at 12:59 p.m., found the slight blaze had burned around an electric motor saw.

All of the fire department's salvage covers were laid in the stores and others borrowed from the Lawrence fire department were used to save property from water damage.

Punchard opened its basketball season at Stoneham last Friday night by losing a close game 46 to 37. The junior varsity also came out on the short end, dropping a 27 to 24 decision to the Stoneham jayvees.

Punchard got off to a good start in the first period of the varsity game but the host team got the range in the second period to pull ahead 24-20 at the half. Punchard held on but could not quite match the shooting of the Stoneham team.

In the jayvee game Punchard was leading into the fourth period when Stoneham rallied while keeping the Blue and Gold down to three points.

If You Shovel Snow Take It Easy

If you must shovel snow - don't fight it - take it easy.

According to doctor-members of the Massachusetts Heart Association, people who are not used to hard physical labor, as well as those who have heart disease or a tendency toward it, should approach that white fluffy-looking stuff with respect.

Here's what happens when the snow-shoveler lets his emotions get involved in his work.

The snow that looks light and fluffy turns out to be heavy and sticky. That annoys the shoveler and he begins to fight the snow. He'd have some chance of surviving the ordeal even now if he'd go in the house at short intervals to warm up and rest. But no - he keeps going until he is overtired.

Then he gets irritated because his neighbor (who is probably in excellent physical condition and 30 years younger) is making greater headway than he is. Pretty soon he is forcing himself beyond his

heart's ability to take it. That's when it becomes a toss-up as to whether he will finish the job or the job will finish him.

There are sound medical reasons for this warning.

The doctors say that exposure to cold is one of the sure ways of producing constriction of the blood vessels. When this happens, it not only cuts down the circulation but also increases the blood pressure. They urge a slow, easy relaxed approach to the job of shoveling snow.

Trying to keep appearances up and expenses down is one of our most puzzling problems nowadays.

INJURED IN ACCIDENT

Miss Jane A. Weldon, 1 Johnson rd., suffered cuts and bruises when the car she was operating on Elm street Friday afternoon skidded and struck a tree. She was treated by a private physician. An ambulance and piece of fire apparatus were dispatched to the scene but their services were not needed.

Doctor's Estate Valued At \$170,000

Property valued at about \$170,000 was left by the late Dr. P. J. Look who died Dec. 9, it was revealed when the will was filed last week in the registry of probate at Salem.

A legacy of \$2000 for Miss Mabel J. Hewins, his housekeeper, "in appreciation of her faithful service to me and my family," was included in the document signed May 13, which nominated his son Robert E. Look, as executor.

Residue of the estate was be-

queathed to his three children, Mrs. Ernestine Look Land of Springfield, Donald E. Look of Andover and the executor-designate. With respect to his Andover realty, Dr. Look directed that it be held by his three children for five years after his decease, and that it may be occupied by any of them who wish to do so, with the occupants paying taxes, insurance, and other upkeep expenses. But if all three desire to sell the realty, they may do so, the will stated.

If all employees were self-starters the boss wouldn't have to be a crank.

Made Nickel Useful

Nickel's usefulness today is primarily due to the Canadian nickel industry. Over the past 30 years, it has pioneered in research and development work looking to the application of nickel to the many and diverse products of our industrialized society. Simultaneously, it has taken world leadership in production.

New Year's Resolutions

As we approach the hour to "ring out the old, ring in the new," there also comes that time-honored custom of making resolutions to do better things in the New Year.

It is an excellent custom, involving as it does a sort of personal stock-taking accompanied by a firm purpose of overcoming the more serious faults and short-comings of 1951.

Most of us approach this task of self-appraisal with due consideration, reflecting on some of the things which might have been done better and resolving, with the best of intentions of course, to attain newer goals of perfection in the coming 12 months.

True it is often said that New Year's resolutions are made only to be broken, yet enough are kept by persevering souls to make it entirely worth-while to continue this ancient custom.

We hope you keep yours in 1952.

While the 1951 dollar will buy only 44 cents worth of food, 46 cents worth of building material and 65 cents worth of clothing, it is pointed out that it will buy 65 cents worth of ice or \$1.01 worth of gas or electricity. It is weakest when we spend it for government, which costs 1,293 per cent more than it did ten years ago. — Westpoint, Miss., Times-Leader.

Be wiser than other people if you can, but do not tell them so. — Earl of Chesterfield.

NEW BOOKS

This fascinating Animal World, Devoe.

According to this popular author, people are still asking the same questions about animal life that he asked as a boy. How do fish sleep? Can Snakes hear? How many animals are there? etc. Here is what he has learned. A book for everyone.

The Road Is Yours; The Story of the Automobile and the Men Behind It, Cleveland.

Plenty of excellent photographs to show the transfer from the "spine-shakers" and "three wheelers" to the compact cars of today. Includes the development of the engine, tires, ignition, design, mass production, service stations and auto clubs.

Memoirs of Herbert Hoover, Hoover.

One of the great men of our times tells his own story from his boyhood days, schooling, work in field of engineering, his home life, war services, etc.

The Indigo Bunting, Sheean.

Vincent Sheean has a small book here, telling of the poet Edna St. Vincent Millay and showing her as a bird lover and naturalist, but his use of his material and his illustration with her own poems paints a delightful picture of the woman.

The Adolescent, Farnham.

Dr. Farnham has drawn upon her own experience as a parent and highly successful psychiatrist whose practice is largely with young people.

Soviet Attitudes Toward Authority, Mead.

This book, one of several to be published by the Rand corporation, a non-profit organization chartered to work along scientific, educational, and charitable lines to insure security for the United States, was prepared by a group of scientists, psychologists, anthropologists, and historians under Margaret Mead's direction. Since direct study in USSR was impossible, they used newspapers, professional journals, movies, records of party congresses and interviews.

The Forgotten Language, Fromm

The sub-title reads "an introduction to the understanding of dreams, fairy tales and myths." Dr. Fromm

offers a history of dream interpretation which differs from both Freud and Jung.

Other non-fiction books: Measurement and Evaluation in the Elementary School, Greene; Automatic Transmissions, Tolboldt; American Indian Beadwork, Mumford; Herbert H. Dow, Campbell; Teaching Your Child To Talk, Van Riper; John Dewey, Nathanson; United States and France, McKay; Best Plays of 1950-51, Mautle; The Autobiography of William Carlos Williams; Teaching Through the Elementary School Library, Walraven; Life's Picture History of Western Man.

Newcomers' Club Christmas Party

The Newcomers club held a Christmas party Monday afternoon, Dec. 17, at the home of the vice president, Mrs. Albert I. Richmond, of Haggett's Pond rd.

Mrs. Herve Foreman, president, presided and greeted several new members of the club, some of whom came from as far as North Carolina and Hollywood, Cal., as well as from New England cities.

The program consisted of vocal selections by Mrs. Foreman, reading of Christmas poems by Mrs. Harold Wilson, and carol singing by the entire club. An amusing skit, "The Night Before Christmas" was presented under the direction of Mrs. Willis Hartford. Gifts were distributed from the tree by Santa Claus. An offering of costume jewelry was also received for the women patients at the Tewksbury state hospital, and a charming snow man, made by Mrs. Anna Erickson provided a fund for the crippled children of Lawrence. Refreshments were served by the hostesses, Mrs. Albert I. Richmond, Mrs. Alfred C. Quance, and Mrs. Anna Erickson.

The next meeting of the club will be held at Phillips academy in January, when Swaner Cobb of the faculty will read a play.

White To Address C. Of C. Meeting

Francis W. White, 15 Wolcott ave. president of the American Woolen Co., will be the main speaker at the annual dinner meeting of the Greater Lawrence chamber of commerce to be held at the Central Catholic memorial auditorium Thursday, Jan. 17. Due to the fact that station WLAW will broadcast Mr. White's speech at 8 p.m., the starting time of the dinner will be 6:30 p.m.

Many Make Use Of The Library

Not all opportunities for study and educational advancement in the library are in the use of reference materials or across-the-desk loans of books, as may be seen by a glance at these figures. During the three fall months the total number of adult community members to take advantage of their library's other facilities was 483 in the main library and 107 in the branch at Ballardvale.

Some borrowed library materials or resources for their meetings, such as the discussion group project, newly formed at Ballardvale and the great books group at the main library. This has been in existence since the first of the year and averages an attendance of twelve persons.

Others have used the library as a place in which to hold their civic meetings; among these were the Andover Village Improvement society, the Andover Taxpayers association and the Andover board of trade. Wherever possible, books have been tied in with the interest.

At the classes in homemaking offered by the extension service and conducted in both library and branch room, related books and materials have been on display or easily accessible.

The boy scout council has made regular use of the hall over a period of time but the five-week

Brownie leadership training course was the first active venture in the field of scouting for girls which asked to meet regularly at the library.

These figures do not include the young people's programs, which consist of film and story hours, pre-school groups known as Littlest Listeners, now meeting in the main library and in the branch, puppet shows and school classes which came to the total of 2,028 for library and branch in the three months studied.

No excuse is as good as a satisfactory performance.

Obituary...

JULIUS A. LAFFERT

Julius A. Laffert, 7 Argyle st., died Dec. 20 at the Lawrence General hospital following a short illness. He was manager of the Thatched Roof, North Andover for many years and a prominent member of the Lawrence Turn Verein, serving as president for six years and business manager for several years. He was also a veteran of World War I and a member of the Musicians union and a past president of the Associated Clubs of Greater Lawrence.

He leaves his widow, Dorothy F. (Davis) Laffert; a daughter, Lillian, wife of Frederick M. Winn of Andover; a son, Carl F. Laffert of Morehead City, N. C.; his parents, Carl and Dorothea Laffert of Lawrence; a brother, Frederick W. Laffert of Lawrence; a sister, Mrs. John Johnson of Vallejo, Calif.; and five grandchildren.

The funeral was held Sunday from the funeral chapel of Julius B. Emmert & Sons Lawrence, with services at 2 p.m. by Helmut T. Dietrich, pastor of Redeemer Lutheran church.

Burial was in Bellevue cemetery where the Rev. Mr. Dietrich conducted committal services.

The bearers were Walter J. and John Miller, Herman Bochman, Fred Kirsch, Oscar Dietrich and Fred A. Wirth.

Delegations attended the funeral from the Associated Clubs of Lawrence Concordia club, Lawrence Musicians' union, Local 372, A.F.M., the Thatched Roof, National office of American Turners, New England Turner district, Lawrence Turn Verein, and the Turn Vereins of Adams, Clinton, Holyoke, Springfield, Hartford, Conn., and Manchester, N. H.

Fined For Failing To Stop For Officer

A fine of \$25 was imposed upon Harry E. Belson, 23, of Findley Lake, N.Y., a sailor, when he pleaded guilty in district court at Lawrence Friday morning to a charge of failing to stop when signaled by an officer in uniform on Main street about 2 a.m. Four other sailors were in the car.

Officer William Tammany testified that he was near Punchard avenue when two cars came to a stop. He was hailed by the operator of the second car and when he went to approach them on the icy highway the car operated by the sailor started forward with some speed and he just managed to get out of its way. He flashed his light and continued blowing his whistle, he said but the car did not stop.

About 3 a.m. Police received word that an automobile was off the road in a field on Bellevue road, and it was recognized as the machine involved.

HOME FOR HOLIDAYS

Home for the Christmas holidays from the Holderness school, Plymouth, N. H., are Alexander D. Gibson Jr., son of Mr. and Mrs. Alexander D. Counting The Cost

The bride of a struggling young writer was the big success of the evening, and all the men at the party elbowed each other to dance with her.

"She's charming, old boy," the host said enthusiastically to the husband. "And her dress is a poem."
"Not a poem," answered the young writer, gloomily. "Sixteen poems, five short stories, and nine articles."

Why Government Costs So Much

(From Financial World)

WASHINGTON, D. C. — A government employe recently complained to his boss that he had nothing to do, that he was bored, and so was thinking of quitting. In reply, the boss asked him to be patient; in a little while, he'd get an assistant. The point was this: the boss supposed that he was being asked indirectly for a raise, and with equal indirection, he offered one. In government, people get raises in proportion to the number they "supervise."

This may be a clue to why almost everything in government costs so much money. A man works say, for agriculture as a research chemist. He's a top scientist and year by year, through papers he contributes to the learned journals, develops a reputation for himself. To get more money, he must quit the laboratory for the desk and become an executive. To rate as an executive he must have a staff. There are thousands of people in just that situation who can get more pay only by becoming relatively useless.

Then there's the way budgeting works. It's found that something or other must be done. This is called creating a "function." If there's a function, there must also be an organization. One person handling a job is impossible ordinarily, since the man doing it, whatever his talent, would be under-rated. To be appreciated, he must become a boss. That involves getting assistants, stationery, equipment—all the things that go with functions.

A great deal of time is spent also in creating and then attending meetings of "inter-departmental committee." The purpose of these

Many Now Under Social Security Act

Are you in business for yourself? In a special message to the butcher, baker, the candlestick maker, and all others who are self-employed, Miss S. E. Vose, manager of the Lawrence field office of the social security administration offers these important reminders:

"You are now covered by the social security act, and have the same protection against the hazards of old age or death as are afforded employees. But you have certain responsibilities, to yourself as well as to your government, in order to safeguard this protection."

"You do not yet have to report your earnings and pay your social security tax until you file your income tax return for 1951 on or before Mar. 15, 1952. Your report to the social security administration at that time will be a part of your income tax return. Your social security tax of 2 1/4% will be payable in full at the time you file your return. Your first step is to get your account-number card from the social security office nearest your home. This card may be obtained NOW, by applying for it in person or requesting an application by mail or telephone."

"Your next step is to read the interesting informative booklet, OASI-22, entitled 'Do You Work For Yourself?' This can be obtained when you get your account-number card, and will give you valuable information about your benefits."

In general the net earnings from most kinds of trades, crafts or businesses in which the owner or partner "works for himself" come under the social security act. The sole owner or partner operating a store, shop, garage, lunchroom, etc., the independent contractor, the artist and the writer may build up old-age and survivors insurance protection under this new part of the law.

NOT included for social security purposes is income from self-employment as a farm operator, physician, lawyer, dentist, osteopath, chiropractor, optometrist, naturopath, veterinarian, architect; certified, licensed, registered, or full-time practicing accountant; Christian Science practitioner, professional engineer, or funeral director.

She stressed that the self-employed person cannot choose whether to be covered or not. Reporting your earnings and paying a social security tax is compulsory, if you earn \$400 or more in 1951. You will pay a tax of 2 1/4% of all net earnings from your business, up to \$3,600 for the year. The earnings exceeding \$3,600 are not taxable.

As a result of these taxable earnings, you may be entitled to an old-age insurance benefit. This will depend upon when you reach your 65th birthday and the length of time you have been reporting your earnings.

St. Augustine's team in Div. B of the Central Catholic Basketball league will play St. Anne's at 9 a.m. Saturday.

ISSUES SUGGESTION FOR WINTER DRIVING

(Continued from Page One)

ice conditions.

Get the "feel" of the road when starting out by applying your brakes gently when no other vehicles are near.

Adjust speed of vehicle to weather and road conditions. Be especially careful at school zones, intersections, crossings, curves, and bridges.

For severe snow and ice conditions, use tire chains. Even with "winterized" tires chains are needed when streets are especially slippery, because only steel chains bite into hard-packed snow or ice to cut stopping distances nearly in half and enable traffic to move up hills or in fairly deep snow.

Be sure your windshield wiper blades clean without dangerous smear, and that defrosters are working.

Keep your brakes equalized. Uneven brakes cause skids.

Be sure your lights are properly aimed. Never drive so fast that you can't stop within the distance you can see.

Never jam on the brakes to stop on slippery streets. Pump your brakes gently to avoid throwing the car into a skid.

"Give our hospitals a break," Chief Dane urged. "They've got more patients than they can handle now. They don't need your business."

Three Hospitalized After Accident

Three persons were taken to the Lawrence General hospital in the fire department ambulance after an accident at Kenilworth and North Main streets about 4:10 a.m. Tuesday.

Anne E. Buckley of New York was treated for injuries to her left elbow; Jay P. O'Connor, 45 Bartlett st., was treated for injuries to his hands and left knee, and Robert Creamer, 90 Haverhill st., was treated for a shaking up.

Police yesterday were still seeking details of the accident. It was said at the hospital that the auto had struck a tree.

Bring Cheer To Infirmary Inmates

Several groups of Andover persons have visited the town infirmary this past week bringing cheer to the elderly inmates.

A group of Abbot girls from the Abbot Christian association visited Sunday, Dec. 16 and left a huge basket of fruit and money gifts.

Two ladies from the Courteous Circle of the King's Daughters visited Thursday, spoke to the residents and also brought Christmas cheer. Later the same day several members of the November club dropped in with contributions of ice cream and cheer which they have so generously made for several years.

They also sang carols. Besides this Miss Mable Marshall gave readings and Mrs. John N. Cole sang two solos.

Last Sunday the Sacred Heart sodality of St. Augustine's church left a basket of fruit for one of its members, and a beautiful plant was received from the Andover Garden club.

While the gifts were most appreciated the matron, Mrs. Mary C. Edmonds and her assistants wish to thank all donors for their words of cheer which at this season of the year help toward giving that peace which the world in all its turmoil cannot take away.
